

LearningLab Series

Rule Boston Camera's ongoing program dedicated to sharing the latest knowledge on production and post-production products, technologies and techniques featuring in-house experts and guest speakers. [Please RSVP to events@rule.com](mailto:events@rule.com) as space is limited.

WEDNESDAY **JUL 26**

INTRO TO THE CANON C200 DIGITAL CINEMA CAMERA

Join Ryan Snyder and Paul Hawxhurst for an overview of the Canon EOS C200, the latest "ready-to-go" production camera from Canon. The C200 delivers outstanding image quality, performance and versatility, making it ideal for film, documentary and television production, corporate and event photography, and newsgathering.

Ryan and Paul will also cover the many features of the C200, including:

- Internal 4K UHD and Full HD Recording in MP4
- Internal 4K RAW recording with New Cinema RAW Light
- Dual Pixel CMOS AF Technology with LCD Touch Panel
- HDR Viewing and ACES 1.0 support
- Built-in WiFi and LAN for camera control and FTP

10am-12n • FREE with Breakfast
RSVP: events@rule.com

The C200 is Coming Soon to Rentals, and Sales is currently taking Pre-orders.

Contact us at answers@rule.com or 800-rule-com for details.

Check out our IN THE SHOWROOM video series featuring the latest in production and post-production equipment and technology at <https://vimeo.com/channels/intheshowroom>.
