

ARRICAM

ST 35mm Film Camera

The ARRICAM Studio (ST) 35mm film camera is widely-known for its low sound level and advanced features. This innovative and modular camera system combines maximum operating comfort with an easy and flexible configuration for any operating situation.

FEATURES INCLUDE:

- Electronic mirror reflex shutter (adjustable from 0°-180° while camera is running)
- Modular design configurable for many shooting scenarios
- Magazines can be mounted as top-loaded for studio shooting or vertically-loaded for Steadicam Shooting
- Bright and sharp viewfinder and viewfinder extensions
- Dual output video tap
- Quartz-controlled motor
- Dual-pin registration and transport claw
- Film gate with exchangeable format masks
- Filter holder for gel filter
- Newly-developed, lightweight fibre magazines
