

# Rehoused Leica R Prime Lenses

NOW  
RENTING!

Rehoused by G.L. Optics, the Full-Frame Leica Prime Lenses provide a unique combination of sharpness, creamy fall-off, and perfect bokeh. Combined with today's digital sensors, this vintage glass captures personality and favorable characteristics, especially with skin tones.

These rehoused lenses all have a 95mm outer diameter, stainless steel PL mount, newly-designed focus and iris system, along with consistent positioning in focus and iris gear for easy lens changes. All of our Leica R lenses, with the exception of the 19mm wide angle lens, also have 330 degrees focus rotation.

## FEATURES INCLUDE:

- 95mm outer diameter
- Stainless Steel PL mount
- Newly-designed focus/iris system
- Consistent positioning in focus and iris gear for easy lens changes
- 330 degrees focus rotation
- Full-Frame Coverage

## Available in
